**E-LEARNING E-EDUCATION AND
ONLINE TRAINING**

AUGUST 17–18, 2023 | YANTAI, CHINA

Welcome to ELEOT 2023 by the General Conference Chairs and TPC Chairs

As the general and TPC chairs of 9th EAI International Conference on e-Learning e-Education and Online Training (ELEOT 2023), it is our great pleasure to welcome you to the proceedings of the conference, which will be held in Yantai, China, during August 17–18, 2023, hosted by Yantai University.

As the world of technology offers a rapidly increasing number of outlets for creativity and communications, the world of education is undergoing a significant renovation. Each day more classrooms can be accessed from anywhere, at any time. This year's conference aims at exploring e-learning solutions that spark the attention as well as imagination of students through interactivity, immersion, variety of content, or cutting-edge technologies.

Thus, this conference aims to provide a forum for the scientists, engineers, and educators in the fields of computer science, control science and electric engineering, and to provide an opportunity for researchers to publish their gifted theoretical and technological studies of advanced methods in hybrid information processing, and their novel engineering applications within this domain.

We would like to thank all the members of the program committee for their hard work in completing the review tasks. Their collective efforts made it possible to attain quality reviews for all the submissions within a few weeks. Their diverse expertise in each individual research area helped us to create an exciting program for the conference. Their comments and advice helped the authors to improve the quality of their papers and gain deeper insights. Our thanks also go to the authors and participants for their tremendous support in making the conference a success.

On behalf of the entire program committee I wish you enjoy a fruitful conference full of talks and thoughts, whether these thoughts are sparked during the actual conference or later on while reading the proceedings. Let the debates begin!
